BAG MAN, a BAG MAN for the GAMBONI CRIME FAMILY, drives through the night in the Dodge Charger.

He makes several stops through out the night

-- Delivering packages

-- Slipping envelopes through doors

-- "Dubious Acts"

He enters an apartment building screwing a SILENCER onto a BERETTA 92 FS. TWO SILENT SHOTS are heard and BAG MAN exits the building and gets in his car.

BAG MAN relaxes pulls out a cigarette, lights it. He takes a long drag, exhaling from his nose.

He starts the Charger and drives away.

EXT. - LITTLE ITALY - TONY PAPPACINO'S RESTAURANT - NIGHT

BAG MAN pulls up to the restaurant, parks, and gets out of the car. He walks towards the front door, lightning cracks in the distance, he stops and stares shortly into the sky. He enters the restaurant, a scuffle occurs inside. SUDDENLY TONY PAPPACINO smashes through the front door.

BAG MAN strolls out the door. As TONY crawls away he is pummeled by BAG MAN. BAG MAN walks over to the Charger, opens the door and grabs a rag from the center console and wipes his hands and shoes of blood. He tosses the rag at TONY, starts the Charger and drives away.

EXT. - NEW YORK CITY - NIGHT

The city lights flash across BAG MAN'S face as he drives through the night.

He pulls up to a run down apartment building and walks in the front door.
